**A smart cat**

19 My Snowball is a wonderful cat. I don't know of any other cat that loves to watch Sesame Street. He will also come running up to the TV if he \_\_\_\_\_ a baby crying or little kids playing. HEAR

20 He can't stand TV commercials! Anytime a commercial comes on he turns his head to the side and so he \_\_\_\_\_ to watch the commercial. NOT HAVE

21 When the show is back on the air, he will start watching the show again. It was then that I \_\_\_\_\_ out that when a commercial is on, the volume goes up a bit, and this is his signal to turn away. When the volume goes down then the commercial is over. Smart cat, I started to do the same thing. FIND

**Creative thinking**

22 Percy Spencer was an American physicist and inventor. He was the chief of the power tube division of the Raytheon Company. Once he noticed that microwaves from the radar set he \_\_\_\_\_ on had melted the candy bar in his pocket. WORK

23 It had been known that microwaves generate heat. But he was the \_\_\_\_\_ one to think of using this heat to cook food. ONE

24 He received a patent in 1950, and Raytheon developed the idea \_\_\_\_\_ for commercial and industrial use. FAR

25 In a sign of things to come, popcorn was what Spencer and \_\_\_\_\_ colleagues cooked with microwaves. Spencer's creative thinking turned a routine observation into a technological breakthrough. HE
