The dream bridge

This is a real life story of engineer John Roebling building the Brooklyn Bridge in New York, USA back in 1870. The bridge was completed in 1883, after 13 years. In 1869, a creative engineer named John Roebling was **32**_____ by an idea to build a spectacular bridge connecting New York with the Long Island. **33**_____, bridge building experts throughout the world thought that this was an impossible task. They **34**_____ Roebling to forget the idea, as it just could not be done and it was not practical. It had never been done before.

Roebling could not ignore the vision he had in his mind of this bridge. He thought about it all the time and he knew **35**_____ in his heart that it could be done. He just had to **36**_____ the dream with someone else. After much discussion and persuasion he **37**_____ to convince his son Washington, an up and coming engineer, that the bridge in fact could be constructed.

Roeblling had never had any projects with his son before. Working together **38**_____ the first time, the father and son developed concepts of how it could be accomplished and how the obstacles could be overcome. With great excitement and enthusiasm, and the headiness of a wild challenge before them, they hired their crew and began to build their dream bridge.
